

A compact multi-purpose mini scrubber/dryer ideal for light daily cleaning

Nilfisk CA 240/330 are quick and effective, these cleverly designed multifunction scrubber/dryers make it possible to scrub and dry all surfaces including profile floor and non-slip safety floor, which are very difficult to clean with traditional machines.

Nilfisk CA 240/330 are the only compact machines capable of combining performance, manoeuvrability, silence and high cleaning quality.

Cleaning of tiled, ceramic and dimpled floors has never been easier. An efficient and specific recovery system (no vac motor) makes these machines ideally suited for cleaning in noise sensitive areas such as hotels, hospitals and offices.

The compact design and high manoeuvrability allow the CA 240/330 to operate with equal efficiency in congested areas such as classrooms, offices, stores, kitchens, changing-rooms etc.
