

CO30/60

**Versatile wet and dry vacuum cleaners
with innovative on-board accessory holder**

comac

CA30/60

Suitable for vacuum cleaning of small size areas such as offices, laboratories and small machines shops

CA30/60 are professional vacuum cleaners with very powerful single motor.

User-friendly and manoeuvrable, they now have a new design which includes a built-in accessory

holder.

In this way any accessory which may be required for accurate vacuum cleaning is always within reach and kept in order.

CA30/60. Compact and manoeuvrable wet and dry vacuum cleaners

CA30/60 have been designed to be extremely compact and ensure excellent manoeuvrability and user-friendliness.

CA30/60 innovative accessory holder to keep in order and within reach all the accessories which may be required for vacuum cleaning

Easily removable permanent fabric filter for dust suction

Easily removable sponge filter for wet vacuum cleaning

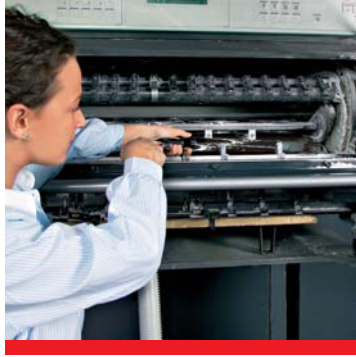

Thanks to the ergonomically designed handle these vacuum cleaners are easy to transport in any operating condition

Large rubberised non-marking wheels: rear fixed wheels and front pivoting castors for better stability

Simple coupling system for the suction hose

Available accessories
