POSEIDON 5

industrial cold water pressure washer

5-31XT

5-31

- Silent Power**
 The new generation of ALTO NP5 motor pump units is specially developed to suit the professional market. The units offer cost effective performance, durability and noise levels reduced by more than 50% !
- ERGO 3000 System**
 Offers maximum ease of use on spray guns, lances, nozzles and couplings. The comfort will considerably reduce the user's level of fatigue at the end of the cleaning operation.
- Easy to use**
 All control and installation elements such as on-off switch, detergent regulation, pressure/flow regulation and couplings are situated in one area, making life a bit more practical and straight forward.
- Robust Frame**
 The robust ALTO POSEIDON 5 is mounted on a sturdy and durable 30mm steel frame and protective bar. The frame includes clear lifting points on front and sides.
- Optimal stability**
 The machines have two large, wide wheels and two resting feet, which ensure optimal stability, good ground clearance and manoeuvrability over uneven surfaces.
